Hair removal - Laser

After many years of following the laser market, we feel confident that we have now found the best laser solution for our clients. We have invested in the 3D-Trilogyice, which is the latest advance in laser hair removal technology. The system combines the proven benefits of three wavelengths, achieving maximum results and versatility when compared to single wavelength alternatives. The contact cooling system ensures virtually pain free and effective hair removal. It is the safest and most comprehensive hair removal system that we have tested.
